CIRCUIT COURT NOTES.

Time of the Term Still Saddled—Mixed Jury—Bulletin and Independent.

The case for replevin of a saddle is on its second day's trial by a native jury.

Mixed jury cases will be called to-morrow.

Upon the bill for injunction of A. V. Gear and B. L. Finney vs. G. C. Kenyon and E. Norrie, Judge Cooper has sustained the demurrer of the defendants as to the newspaper title, "The Independent." He holds that by adopting the title, "Evening Bulletin with which is incorporated 'The Independent,'" he has abandoned the use of the title, "The Independent." He considers, however, "that the defendants should answer the allegations in the bill charging them with using information derived from the route books and subscription lists of the plaintiff Gear." E. P. Dole for plaintiffs; P. Neumann for defendants.

Bila Lu, who was charged with attempting to set fire to a chicken house belonging to Chong Sin, was defended by J. L. Kaulukou and prosecuted specially by A. G. M. Robertson. At the conclusion of the examination this morning the Court found probable cause to believe that a jury would convict on the evidence and committed him to the Circuit court for trial.

The Glow Night Lamp!

It is an established fact that there has never been a night lamp on the market that was odorless, and most of the night lamps that are sold to-day absolutely poison the air in a close room. In placing the GLOW LAMP upon the market we claim to have the night lamp that positively emits no odor when in operation, and is the only night lamp that should ever be used when it is necessary to burn a light all night, as for instance in the nursery or sick-room. It is a miniature gas-house, gasometer or gas-burner combined, automatically making and consuming its own gas which, in the ordinary night lamp, escaped without being consumed, filling the room with a poisonous vapor, which, to put it mildly, is extremely injurious.

The GLOW LAMP is constructed on scientific principles, and is without question the simplest, cleanest, neatest, and cheapest night lamp in the market; and combined with its hygienic qualities, should command itself to popular favor at once. One pint of kerosene, at a cost of about one cent, will give a pure, healthy, clean light for two hundred or more hours; i. e., twenty ten-hour nights.

It will give the greatest satisfaction in the sick-room, nursery, bed-room, dark corners of closets, and is ornamental as well as useful.

SPEAKING OF SEWING MACHINES REMINDS US

C. V. STURDEVANT, Sole Agent.

Tel 994, Waring Block, P. O. Box, 462. [Cor Fort and Per. Sts.]

To remind you that we have a Sewing Machine in which we place so much confidence that we will send it to you on trial free for a week and if not satisfactory you may return it at our expense.

We make this offer because we know our goods.

Our Machine costs a trifle more wholesale and sells for a trifle more retail than any other Machine in the world, but it is worth it. Listen: It makes five stitches to the revolution while others make but three and one half. In other words you do what is three days' work on the old style in two days with the "Standard". If you are tired or busy that is worth while. Paste this in your bonnet.

The "Standard" has both chain and lock stitch.

The "Standard" gives a written guarantee for five years. It does every thing that can be done on a Sewing Machine, what more do you want?

Sold on the installment plan at Eastern prices. \$10 discount for cash. For rent by week or month.
